10 RUSS JETS DAMAGED BY YANK FLIERS

WILD AIR BATTLES FIRST
IN FIVE DAYS OVER
MIG ALLEY

SEOUL, Korea, Dec. 15.—(UP)—American Sabrejet pilots claimed 10 Communist MIG-15 jet fighters damaged today in wild air battles over Mig Alley in northwest Korea.

They were the first such aerial duels in five days.

The 5th Air Force, however, confirmed only two of the damage claims. The others awaited confirmation by gun camera film.

The pilots registered their claims in a series of battles between 38 Sabres and 35 MIGs. Confirmed damage claims were credited to Capt. Clyde A. Curtin, Portland, Ore., and 1st Lt. Herschel H. Lighty, Jr., Trinidad, Colo.

The Sabrejets were flying cover for 5th Air Force fighter bombers, which took advantage of clearing weather to plaster the Communist road and rail network in North Korea.

Shooting Stars of the 80th fighter-bomber wing caught a locomotive and two strings of boxcars sitting motionless between Chungchwa and Hwangju in northwestern Korea.

"The rail cutting and bridge busting we have been doing lately must be paying off because the train was sitting right in the open as though it had no place to go," said 1st Lt. Reginald H. Shepard of Middlesboro, Ky.

Warns Against 'Hysterical Fear'

WASHINGTON, Dec. 15.—(UP)—President Truman said today Americans will "destroy the very thing they are struggling to preserve" if hysterical fear of Communism drives them into "suppressing liberty at home."

He spoke at ceremonies dedicating a permanent new shrine for the three great documents of this nation's heritage of freedom—The Declaration of Independence, The Constitution and The Bill of Rights.

The ceremonies, attended by Chief Justice Fred M. Vinson and other dignitaries, took place in the National Archives Building where henceforth the priceless documents will be displayed together for the first time in a fire-proof, bomb-proof repository designed to protect them from the ravages of time or atomic war.

RED PRISONERS DEFY ALLIED GUARDS, 82 DIE

RED CIVILIAN INTERNEES
LOCKED ARMS, MARCH IN
TO FIRE OF GUARDS

PUSAN, Korea, Dec. 15.—(UP)—UN guards killed 82 Communist civilian internees and wounded 120 others at Pongam Island off southern Korea yesterday when the prisoners locked arms and deliberately marched into machinegun fire, it was disclosed today.

A spokesman for the UN prisoner of war command said American and South Korean guards fired riot guns, carbines and machineguns in six muffled compounds "to keep prisoners from advancing and breaking out all over the place."

The spokesman said guards quelled the riot and regained "uncontested control of the situation."

Two Americans and two South Koreans were injured by rocks hurled at them by Red internees who clambered atop a steep terrace.

The death toll was the highest ever suffered by prisoners in clashes with allied guards at UN prison camps.

The spokesman said the prisoners continuing their policy of "intentional harassment," reached a "pitch of fanaticism which caused them to move into guns they knew were going to kill them."

The riot broke out simultaneously in six of eight compounds in Enclosure No. 2. About 3,600 of the island's 9,000 prisoners were involved. There was no trouble at Enclosure No. 1.

UN guards had been alerted for the possibility of a riot on the island after the prisoner of war command intercepted Communist plans hinting at a mass uprising.

"The prisoners are constantly attempting to communicate outside to other prisoners of war camps and are constantly foiled," the spokesman said.

EXTRA!

The sale of 1953 Indiana auto license plates has been ordered delayed 24 days to January 26 at the request of Governor-elect George N. Craig.

Secretary of State Crawford F. Parker said Craig requested the delay in order to school branch managers of the Motor Vehicle Bureau in procedure and "effect an orderly change-over."

INDIANAPOLIS, Dec. 15.—(INS)—Governor-elect George N. Craig today released his governmental reorganization plan calling for consolidating 141 state agencies under 11 departments.

In a far-reaching "government by efficiency" plan, Craig called for a "cabinet" of eight new or reorganized departments and three existing departments.

Departments of Health, Correction, Highway (new) Public Welfare and Conservation (old) would be headed by one-man commissions who would be a member of the governor's Department of Personnel.

Other new or reorganized departments suggested were Commerce, State Police, Education and Budget and Finance and the other unchanged department was adjutant general.

WINAMAC, Ind., Dec. 15.—(UP)—Seven persons—two mothers and five children—were burned to death early today in a fire which destroyed a two-story frame house.

The husband of one of the women was the only survivor of a midnight fire which broke out as the family was asleep.

The victims were identified as Mrs. Margaret Crissinger, 20, and her children, Danny, 4, and Jackie, 2; her sister, Mrs. Jane Hansen, 21, and small daughter, Patricia, age unknown; and a niece and nephew of the sisters, Dorothy Crissinger, 10, and Larry, 9.

Albert Crissinger, 22, was rescued by neighbors.

MANILA, Dec. 15.—(UP)—Forty-nine miners were believed killed when a gold mine tunnel collapsed at Paracale in southeastern Luzon, a spokesman for the United Paracale Mining Company said today.

First reports indicated 55 were trapped and believed killed, but company officials said 20 of the 69 men who had entered the mine today were accounted for.

INDIANAPOLIS, Dec. 15.—(UP)—More than 40 policemen surrounded a cornfield on the city's northeast side today in a search for a gunman who hours earlier killed a service station attendant.

The manhunt, described as one of the biggest in local police history, was for the slayer of Harold Oakley Carl, 29, who was robbed and shot in the back about 2 a. m. A state police airplane and 23 city police cars were used in the search.

About five hours after the shooting, police said they had cornered a suspect in an open field in the suburbs. He fled there on foot after an 80-mile-an-hour chase.

IKE PREDICTS SOLUTION FOR KOREAN PEACE

PRESIDENT-ELECT LANDS
SAFELY IN NEW YORK
AFTER LONG TRIP

NEW YORK, Dec. 15.—(UP)—President-elect Eisenhower ordered today a policy of de-escalation of words to "let the Communists to wait" in Korea.

He spelled out his philosophy in a prepared statement released following his return yesterday from a 20,000-mile trip that took him into forward areas of the Korean battle zone.

Eisenhower said his long journey to the embattled Far Eastern peninsula "marks not the end but the beginning of a new effort to conclude honorably this phase of the global struggle."

"This is not the moment to state more than that resolve," he said. "For we face an enemy whom we cannot hope to impress by words, however eloquent, but only by deeds—executed under circumstances by our own choosing."

Eisenhower said he was confident a "satisfactory solution in Korea can be speeded."

"I know it will demand common sense and care, much foresight and much patience," he said. "But no more in Korea than anywhere else in the world is honorable peace beyond the power of free men to achieve when they pursue it intelligently and energetically."

Eisenhower's wish to hasten the end of the war with deeds and not words brought general applause from members of Congress.

Sen. Robert A. Taft of Ohio, who lost the Republican nomination to Eisenhower after a bitter fight, said he thought the trip to Korea was "a good idea."

Sen. Arthur V. Watkins (R-Utah) likened Eisenhower's attitude to President Theodore Roosevelt's philosophy of speaking softly and carrying a big stick.

Eisenhower said "all of us" have known that finding a formula to end the Korean fighting quickly would not be simple and that having this knowledge "prepares us for whatever tough tasks lie ahead."

He said, too, that what he could report publicly was "naturally limited" because of security reasons and because he is not yet president, even though the electoral college went through the formality of electing him today.

"Until I assume the office of president, it would be wrong for me to pretend to speak with the authority attached to that office," he said. "Moreover, as we all know, certain aspects of battle problems cannot ever be discussed publicly."

But Eisenhower noted publicly three observations of his trip.

"First, the training of ROK (Republic of Korea) forces can and should be expanded and speeded. This is my opinion and the unanimous opinion of the commanders on the scene."

"Second, in the strictly military sphere, certain problems of supply have reached rather serious proportions and require early correction."

"Finally, we must all recognize—in all our thinking and our planning—that the Korean war is but the most dramatic and most painful phase, for us at this moment, of our world-wide (Continued on Page 2)

Big New '53 FORD

THE NEW STANDARD OF THE AMERICAN ROAD!

With 41 "Worth More" features...

it's worth more when you buy it... worth more when you sell it!

This '53 Ford sets an entirely new standard for the American Road. For in this big new Ford you'll find 41 "Worth More" features that give you more of the things you want... more of the things you need... than ever before in low-priced car history.

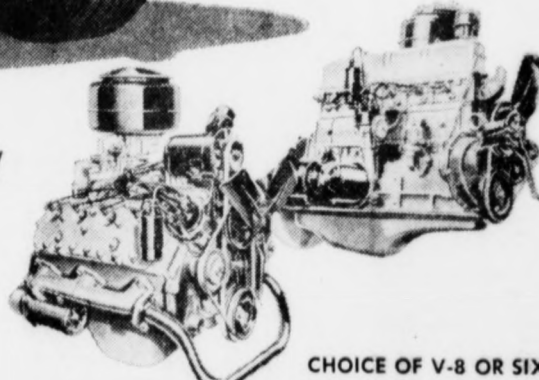

You'll find the "Go" you need to

handle today's long-distance driving... the economy you want on long trips or short. You'll enjoy Ford's new *Miracle Ride* that brings you the smooth, quiet riding comfort you need for today's level parkways or rough, rutted byways... plus nearly effortless steering, braking, and parking.

And you'll see beauty that belongs wherever you may drive.

When you see this new Ford at your Ford Dealer's, you'll understand why it is worth more when you buy it... worth more when you sell it. You'll agree that here, indeed, is the New Standard of the American Road!

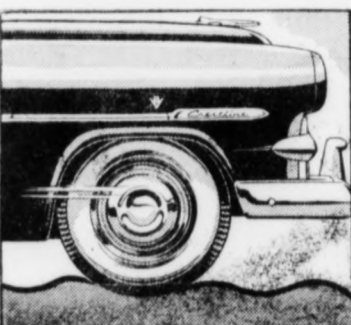

The only V8 in its field!

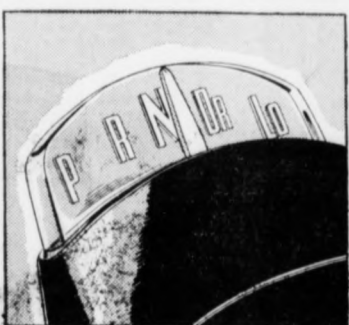

CHOICE OF V-8 OR SIX

Ford's famous 110-h.p. high-compression Strato-Star V-8 has a partner for thrifty "Go" in the 101-h.p. low-friction, high-compression Mileage Maker Six. Ford Automatic Power Pilot gives high-compression "Go" with regular gas.

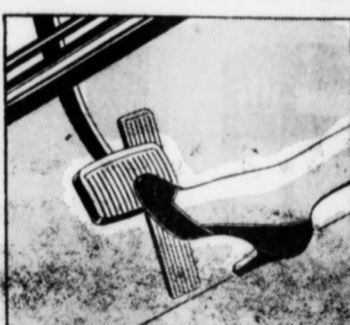

A few of the 41 "Worth More" features in the 1953 Ford

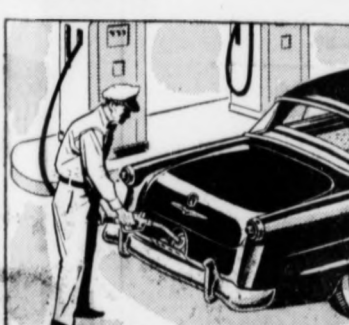

NEW MIRACLE RIDE—nothing ever like it! Not just new, more responsive spring and shock absorber action, not just foam rubber cushions. Here is a completely harmonized ride that gives you an entirely new concept of comfort.

SHIFT TO FORDOMATIC—and you'll never shift again. It's the finest, most versatile automatic drive ever. Combines torque converter smoothness with the savings and "Go" of gears. Ford also offers smooth, thrifty Overdrive.

POWER-PIVOT PEDALS—are suspended from above to eliminate dusty, drafty floor holes. They give more unobstructed floor space and provide easier pedal operation. It's another Ford exclusive in the low-price field.

CENTER-FILL FUELING—prevents hose marks, and makes "filling up" easier from either side of pump. Shorter fill pipe gives trunk space for an extra suitcase. Another way in which Ford's "out front" in its field!

FULL-CIRCLE VISIBILITY—with huge, curved, one-piece windshield, a car-wide rear window and picture windows all around—gives you visibility unlimited. I-REST tinted safety glass shields your eyes from glare.

Here now... the '53 FORD

No wonder the swing is to FORD!

SEE IT...
VALUE-CHECK IT...
TEST DRIVE IT!

CIO MAKES CHARGE

PHILADELPHIA, Dec. 15. (UP)—A CIO official charged that the General Electric Corp. has placed contracts for top secret government projects in GE plants where the "Communist-dominated union of Electric-

Workers is strongest." James B. Carey, secretary-treasurer of the CIO, said in a television interview yesterday that GE is making it possible for the independent UE to prosper by "purposely pitting it against the CIO's International Union of Electrical Workers."

A GE spokesman later called Carey's attack a part of the CIO official's "old game of blaming others for his own failures."

SEEK CRASH CAUSE

COLUMBUS, O., Dec. 15. (UP)—Force officials searched scattered fragments of a B-45 four-jet "Tornado" reconnaissance bomber here today to determine what caused the ship to explode in flight, killing one of its three-man crew and injuring the others.

Investigating officers said 1st Lt. John S. Brace, 23, of Columbus, a photo navigator, was killed yesterday when he rode a part of the plane's flaming wreckage to the ground. His body was found still strapped in the ejection seat.

Maj. John E. Daugherty, 30, of 524 Formosa Ave., Los Angeles, and Capt. Eugene F. Snyder, Jr., 28, of Columbus, were blown clear of the plane and parachuted to safety.

IN MEMORY

Mrs. Lester Parker**Hostess To Club**

The 1950 Homemaker's Extension Club met at the beautifully decorated home of Mrs. Lester Parker on Friday, Dec. 12 for their monthly meeting and a Christmas party. A very delicious pot luck dinner was served at noon.

The afternoon meeting was opened by the song "Silent Night." Fifteen members answered the roll call and eight children and two visitors, Mrs. Wayne Sinclair and Mrs. Effie Parker were present. A report was made on the Old Folks' home and a committee appointed to prepare their things for Christmas.

The new officers for the coming year were installed by Mrs. Sinclair. The suggestion box was opened and suggestion were discussed. The club decided to draw names in November for an exchange of Christmas gifts instead of having secret sisters.

The club voted to set the membership number back to 20 in stead of the present 25.

Everyone enjoyed the exchange of gifts and many nice toys were added to the play box for the children.

**KE TELLS CROWD "NOT WORDS, BUT DEEDS"**

Speaking to the crowd gathered to greet him, President-elect Dwight Eisenhower waves from behind a battery of microphones as he prepares to make his home-coming address. The President designate told newsmen that his arrival home did not "mark the end but the beginning of a new effort to conclude honorably this phase of global struggle," and added that "we cannot impress the enemy with words, however eloquent, but only with deeds — executed under circumstances of our own choosing."
